ON ITS CELEBRATION OF BUILDING SAFETY MONTH

On behalf of the members of the Senate of the 132nd General Assembly of Ohio, we are pleased to extend special recognition to the City of Grove City on its celebration of Building Safety Month, May 2018.

Since its establishment, the City of Grove City has enjoyed continuing prosperity and has distinguished itself as a pleasant and friendly place in which to live. Area residents have been actively involved in, and concerned about, the events in their community, and they have set a commendable example of civic pride and collaborative effort.

The optimism and spirit of cooperation found among local citizens have helped Grove City to gain a well-deserved reputation as a city whose residents are willing to invest in the future of their community. All those involved with the city's celebration of Building Safety Month, which raises awareness of the importance of building safety, highlights new technologies in the construction industry, and shows citizens how they can contribute to the safety of our structures, are deserving of high praise for their efforts regarding this important issue.

Thus, with great pride, we salute the City of Grove City as an outstanding community and offer best wishes for continued success.
