BCAC OCCUPANCY WORK GROUP - October 4-5, 2017 PROJECT LIST - Copyright © 2017 International Code Council, Inc.

ITEM	SECTION	PROPOSED BY	TOPIC	WORK GROUP ASSIGNED	5.31.2017 Notes	8.10.2017 Notes	8.24.2017 Notes	9.14.2017 Notes
IBC 4-1	Multiple	BCAC 2015-2016	Move Chapter 4 requirements that are general in nature to more appropriate locations within the IBC	Occupancy	Further study. Item 3,4,5 from General to be combined with this item.	See *IBC 4-1 8.10.2017*. Section 426: Bob D. should stay. Dust hazard. Bob to provide draft proposal to remove these requirements and referring to IFC requirements. Major reorganization is not reasonable, perhaps adding pointers to other chapters to the chapter 4 requirements could work. Section 412 really applies to several occupancies and should not be assigned an occupancy group. Section 416 could be removed and 307 points to the IFC for specific requirements. Bob D. to look into a proposal to combine requirements related to specific H classes. Section 418: Also can relate to several occupancies. IFC has requirements for this also. Compare requirements with IFC to perhaps simply point to IFC. Section 421 can also apply to many use groups. Compare requirements with IFC to perhaps simply point to IFC. Add pointer to Section 307. Section 424 should stay in Chapter 4. Relocate play structure requirements in Malls to 424 and place a pointer in Malls. Gary to provide proposals as well. Consider placing 424.1 into definitions? Consider moving all of 424 to chapter 8? Jack and Gary to create proposals.	Further study.	The WG discussed 5 proposals. See *IBC 4-1 - atriums, IBC 4-1 - Chapter 3 pointers, IBC 4-1 - delete special, IBC 4-1 - high rise Chapter 16 pointer, IBC 4-1 - live-work units.*
