### **ICC-ES Evaluation Report of the Month: PMG-1059**

It's March, and that can only mean the best holiday in the world is coming up: St. Patrick's Day! But you don't want all that spilled Guinness to stain or ruin your deck or your carefully installed and lovingly cared for ceramic tile flooring, so what do you do? Install some NobleSeal waterproofing membrane, of course! But wait...if you do that, even if you install it properly, does that comply with the 2012 IBC and IPC? Thanks to ICC-ES's evaluation report, you don't even need to think twice before carelessly imbibing, because you can rest assured that it does. Take a look at it here: [http://www.iccsafe.org/Reports/pdf\\_files/load\\_file.cfm?file\\_type=pdf&file\\_name=PMG-1059.pdf](http://www.iccsafe.org/Reports/pdf_files/load_file.cfm?file_type=pdf&file_name=PMG-1059.pdf). *Sláinte!*
