2015 RESULTS OF THE ONLINE GOVERNMENTAL CONSENSUS VOTE

The Online Governmental Consensus Vote (OGCV) was held during the period of February 8 – 21, 2016. The vote was conducted in accordance with the following posted procedures:

- The Final Action on code change proposals for which the two-step electronic process was utilized to determine the final Public Comment Hearing action will be determined in accordance with Section 8.0 of CP 28 Code Development (CP 28) with the Public Comment Hearing result and vote count established by the two step process ([Click here](#) for a link to the 2015 Cycle documents). Eligible members who voted will have their vote recorded on the OGCV. In accordance with Section 8.3, the last vote cast in the OGCV at the time the voting closes will be included in the final vote tabulation. The Final Action will be determined by the combined vote tally from the two-step PCH process and the OGCV in accordance with Section 10.1 of CP 28.
- The Final Action on code change proposals not affected by the Long Beach electronic voting devices (see explanatory text in the table preceding code changes FS64-15, G1-15 and S2-15) and those without a corresponding vote tally from the two-step process (see notes 3 and 4 below) due to a failed motion will be determined solely by the results of the OGCV. These code changes do not have a corresponding Public Comment Hearing vote tally. In accordance with published procedures, this will require a minimum of 30 OGCV votes cast for each code change proposal in order for the OGCV to be considered a successful voting measure. If the vote total is less than 30 for an individual proposal, the Final Action for that proposal will be the action taken at the hearing/two-step process, as applicable. In accordance with Section 8.3, your last vote cast in the OGCV at the time the voting closes will be included in the final vote tabulation. See note 7.

Final Action notes:

1. The Final Action for each code change is noted in **bold** in the second column and reflects the Final Action Results also noted in **bold**, except as indicated by note 5.
2. The “required majority” is in accordance with Section 8.1 of CP 28.
3. In accordance with the procedures noted above, the PCH tabulated results are not indicated for those code changes for which the PCH result is not combined with the OGCV result. In these instances, the PCH 1 vote did not achieve the requisite majority to pass, however, the code change was not considered on PCH 2 since the allowable ballot actions for the OGCV are not affected. For

example, the PCH 1 motion on E5 Part II was for AMPC1. This motion failed. Due to the lack of submitted comments for AS, the OGCV ballot options are the committee action of AM and D in accordance with Section 8.1 of CP 28. Similarly, the PCH 1 motions on E27 were for AMPC1 and 2. Both of these motions failed. The OGCV ballot options are limited to the committee action of AS and D in accordance with Section 8.1. The final action on these code changes was determined solely by the results of the OGCV. This required a minimum of 30 OGCV votes to be cast in order for the OGCV to be considered a successful voting measure in accordance with published OGCV procedures (see note 7).

4. As indicated in Note 9 of the posted “Results of Phase One of the Online 2015 Group A Public Comment Hearing Vote (Update 2/5/16)” [see link above] the PCH 1 motion for disapproval of E12-15 failed by a vote of 65 – 68. Per procedures, PCH 2 should have included a motion for AMPC 1 in accordance with CP 28. Since the error was identified after the PCH 2 process was completed, AMPC 1 was placed directly on the OGCV for the memberships vote. The final action on this code change was determined solely by the results of the OGCV. This required a minimum of 30 OGCV votes to be cast in order for the OGCV to be considered a successful voting measure in accordance with published OGCV procedures (see note 7).
5. For those code changes where the required majority was not achieved (e.g. FS35-15), the Final Action on the code change is D in accordance with Section 10.3 of CP 28.
6. Where the OGCV results indicate a negative number (e.g. E102 – 15), this indicates that an eligible voting member changed their PCH vote in accordance with Section 8.3 of CP 28.
7. In all cases where the Final Action required a minimum OGCV of 30 (see page 11), this minimum was exceeded.
8. In accordance with Section 10.1 of CP 28, the validation committee has certified the OGCV voting results and the ICC Board has confirmed a valid voting process.

The following are the results of the OGCV, published in accordance with Section 10.4 of CP 28 Code Development.
