

## Call for BMC Subcommittee Membership 2019

*The BMC attempts to accomplish their mission through the work of three subcommittees. We encourage you to be a more active professional and more dedicated public servant by expanding our "Outreach", sharing our "Best Practices", and through your efforts "Raise the Profile" of our outstanding Building Safety Professionals across the globe. The vision of each subcommittee, and a message from their respective chairs is posted below.*

---

**Raise The Profile (RTP)** – Ed Lisinski, Chair: [elisinski@westalliswi.gov](mailto:elisinski@westalliswi.gov)

This subcommittee works to find ways to recognize the efforts building officials put forth every day and ensures that the difference made in the built environment is appreciated, emulated, supported and promoted to help make the building official a desired and destination profession. The subcommittee actively promotes Building Safety Month to schools, contractor groups and policy makers; coordinates subject matter and authors for the BMC Tips (formerly Tip of the Quarter); and encourages active participation in the code development process.

**Community Building Best Practices & Innovation (CBBPI)** – Mike Nugent, Chair: [Mike.Nugent@cityofrockhill.com](mailto:Mike.Nugent@cityofrockhill.com)

This subcommittee works to capture, categorize, analyze and track best practices and innovative ideas from other Membership Councils, building safety professionals or building safety departments. These may be procedures that made services better, a process that provided a better level of safety, or an approach that improves the image of our profession. This subcommittee will contribute in the review for the annual Award for Innovation in Code Administration and work closely with the Major Jurisdictions Committee on their Best Practices web page.

**Continuity & Outreach (C&O)** – Chris Young, Chair: [young.christopher@rigov.org](mailto:young.christopher@rigov.org)

This subcommittee works in conjunction with the other Membership Councils (MC's) established by the Board of Directors, to ensure that efforts to enhance the interests of the entirety of the ICC membership are fostered by collaboration and cooperation. The membership of this subcommittee is limited to appointed liaisons from each MC and the Major Jurisdiction Committee however, all meetings of this subcommittee are open to all members and are posted on the BMC webpage.

---

To request consideration for membership on one or both of the first two subcommittees noted above, [please click here to apply to be on a BMC subcommittee.](#)
